App for Adult Digital Education

A TABLET DOESN'T MAKE YOUR CHILD BUSY!

GLAD is a European project to reflect & discover stories of parents in Europe to suggest and share practices to better usage digital tools and make our children grow strong and safe.

AS PARENTS WE HAVE TO DO MORE IN EUROPE!

JUST 1 ADULT OUT OF 4 CAN PROPERLY USE TECHNOLOGIES IN EUROPE AND TEND TO RELY A LOT ON THEIR CHILDREN TO UNDERSTAND THEM.

Plus, children are often left with devices as a tool to make them busy while parents are doing something else. This poses children to potential threats like lack of awareness of what they are doing, cyberbullying, access to dangerous sites.

IN SUCH A COMPLEX WORLD WE HAVE COME UP WITH SOME SIMPLE AND NICE IDEAS!

- 1) A collection of stories, experience and difficulties from parents from Cyprus, Italy, Poland, Romania and Spain*
- 2) A simple handbook with lots of resources, materials and suggestions to bring the best to your child!*
- 3) An educational app that you can use together with your child, having fun and using your time in the best way to make the most of your time.*
